

MT962 Moisture Meter

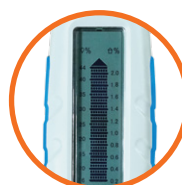

The MT962 Moisture Meter measures moisture level in sawn timber, dry wall partitioning, cardboard, paper, as well as in hardened materials such as plaster, concrete and mortar. The MT962 displays the moisture level immediately on the LCD Bargraph. This meter is ideal for quick reference by the Professional or Handy Man.

Features

- Measures hardened materials and timber
- Measures moisture levels in sawn timber, dry wall partitioning, cardboard, paper, as well as in hardened materials such as plaster, concrete and mortar
- Integral electrode pins
- Measuring Principle Electrical Resistance
- Wood measurements 1% – 45%
- Material measurements 0.1% – 2.4%
- Built-in battery check
- Function check for wood display is $27\% \pm 2\%$
- Function check for material display is $1.25\% \pm 0.1\%$
- 3 x CR2032 Replaceable Batteries

Function	Range
Measuring Principle	Electrical resistance
Electrode Length	8mm
Electrodes	Intergrated, replacable
Measuring image wood	1% to 45%
Measuring image material	0.1% to 2.4%
Size	139 x 47 x 25mm
Weight	100g

LCD Bargraph

Integral Electrode Pins
